Missoula strives throughout its marketing to uphold the Montana State Tourism brand pillars. Sitting at the confluence of the Bitterroot, Clark Fork and Blackfoot Rivers and surrounded by seven wilderness areas, Missoula is encircled by spectacular, unspoiled nature. And although Missoula is the second largest city in the State of Montana, to those visitors from large urban areas, Missoula is indeed a vibrant and charming small town perfectly situated half way between our State’s two jewels – Glacier and Yellowstone National Park. Served by Missoula International Airport and three major highways, it is the ideal hub from which to explore the many wonders of our State. The accessibility of Missoula’s recreation makes it unparalleled. Where else can you kayak or surf downtown, hike or mountain bike in 60,000 acres of wilderness a mere 5 miles away?

Missoula is also a regional destination for shopping and dining, featuring three distinct shopping districts and an abundance of restaurants, cafes, coffee houses and breweries with something to fit all budgets and palates. Known for its eclectic culture, visitors will find this arts and cultural hub filled with a seeming endless array of arts and entertainment events. Think symphony, theater, film festivals, authors’ readings at independent bookstores, college sports, ballet, opera and roller derby! And we proudly live our history – Native American and Lewis & Clark to smokejumpers and Glacial Lake Missoula.

Some might call it unique, cool or hip. Others will experience it as serene, welcoming and replete with natural beauty. You might see it as vibrant, active and pulsating with places to go and things to do. The beauty of Missoula is that it is all that and more.

We strive to show our unique character, as well as incorporating brand fonts, colors and imagery in our marketing.
MISSION STATEMENT

Marketing Missoula and surrounding areas as a premiere travel destination thereby creating vibrant growth in the economy and enhancing the quality of life.

IDENTITY

“I hiked around town, the air sweet and dry, and was sort of overwhelmed by the perfection of it – the old courthouse, the train depot, Mount Jumbo and Mount Sentinel rising up, the neon bars, the funky festivity of a college town.” - Garrison Keeler

Missoula is the state’s most cosmopolitan and diverse community and the heart of arts and culture in the State of Montana, blending contemporary culture and historical heritage seamlessly. Missoula is also a regional hub and state leader in commerce, education and health care.

A unique travel destination resting halfway between Glacier and Yellowstone, Montana’s two majestic national parks, Missoula in itself offers paramount outdoor recreational opportunities. At the confluence of three rivers and surrounded by seven wilderness areas, its uniqueness lies in its accessibility. It provides travelers with scenic beauty, outdoor adventure, unique attractions, regionally renowned shopping and rich and diverse cultural attractions and events.

“Many towns in the West consider themselves ‘outdoor’ towns -- suggesting a citizenry eager to bike, run, ski, paddle, hunt, fish, hike, backpack, float and camp. Missoula, Montana is one of those towns, but it possesses some indefinable spirit that keeps it from being confused with any other.”
- Rick Bass, Smithsonian Magazine

As with any city, Missoula has an array of strengths that we play to, opportunities on the horizon that we will market to, and challenges that we work toward solving.

STRENGTHS

Arts and Culture – Missoula is home to the most diverse and extensive arts community in Montana. From writers to performing artists, from painters to photographers, from historians to museum curators, Missoula is fortunate to be home to numerous famous and creative people, who add a dimension and depth to the community that is only seen in larger cities. Regionally, nationally and in many cases internationally renowned, Missoula’s cultural community creates an essence to the city that urban travelers want but do not expect in Montana, making Missoula a memorable destination.

Immediacy of Access – Where else but Missoula, Montana, can you kayak in downtown or take a walk in 60,000 acres of wilderness area over your lunch hour and be back to work on time? All of Montana has incredible varied natural resources to brag about, but the accessibility of Missoula’s natural bounty is unparalleled. Whether you run, ski, paddleboard, river surf, kayak, bike, hunt, fish, hike, backpack, float or camp, you can enjoy your passion minutes from Missoula.
Regional Hub – Missoula is a regional center for retail, health care, education, forestry, ecology, transportation and culture. People come from across the State and Idaho to shop in our historic downtown boutiques and Southgate Mall – Western Montana’s largest mall. The preeminent health care provided by renowned physicians and hospitals makes Missoula a center for Western Montana’s health care. Home to the University of Montana, Missoula hosts students from around the world seeking an education that is highly valued and recognized. This level of education also produces a population of “top in the field” professionals that work in and serve our community. In order to support these industries, Missoula must also be a transportation hub. Missoula can be reached by two major highways and Interstate 90. Missoula’s International Airport hosts five major air carriers and has direct flights to Portland, Seattle, San Francisco, Oakland, Los Angeles, Phoenix, Las Vegas, Denver, Atlanta, Minneapolis and Chicago.

Sports and Adventure – If you can do it outdoors, you can do it in Missoula. Being surrounded by seven wilderness areas, at the confluence of three rivers and with five ski areas within 100 miles, adventure seekers need look no further. Missoula is also home to professional baseball, semi-professional hockey and football, and the world famous Missoula Marathon. Having already held such events as the US Freestyle Kayak Championships and USA Cycling Pro XCT, Missoula has a proven track record for hosting major recreation based events.

This year Destination Missoula is proud to announce our successful bid for the first annual Tour of Montana. The Tour of Montana is based on highly successful professional bike races in places such as Utah. It will encompass both men’s and women’s professional road racing and criterium, and amateur Gran Fondos. This will be the first race sanctioned by the US Women’s Cycling Association as it is the first where men and women will compete on the same courses for the same prizes. The initial event will run for four days and be kicked off by the Festival of the Bike located in Caras Park in downtown Missoula. There will be food, entertainment, workshops and all kinds of bike and healthy living events going on throughout the weekend. The event will always be based in Missoula with opening and closing ceremonies and the first races of the tour, but is designed to grow to include other cities across Montana to become a true tour. This event has the potential to grow to the size of the Missoula Marathon and create similar economic impact for Missoula and cities across the State.

Entertainment and Nightlife – Whether your tastes run from urbane to eclectic, Missoula has nightlife to satisfy everyone. Missoula’s music scene is broad, running the gamut from orchestral to bluegrass, country to hip hop and the city has been host to such icons as The Rolling Stones, Elton John, Sir Paul McCartney and Pearl Jam. With a vast and seemingly endless array of arts and entertainment events and an abundance of restaurants, cafes, coffee houses, breweries, wineries and distilleries, it is difficult to choose.

“Where else can you find first-rate documentary and wildlife film festivals, the Roots Festival, jazz festivals, all right...all festivals, famous authors, artists, and playwrights in our shops and on our streets, gardens and galleries galore, acclaimed dance companies, creative restaurants, bakeries, and plenty of delicious coffee aromas, alphabetized mountains, and a community with a backyard minutes from alpine skiing, river rafting adventures, and just a few hours from Glacier and Yellowstone National Parks? Where else but Missoula?” – Michael McGill, Ex. Director MCT, Inc.
OPPORTUNITIES

Air Access – Missoula has seen the addition of a major air carrier this year with the announcement that Frontier Airlines would be entering our market. This opens numerous markets to Missoula and since it is a low-cost air carrier Missoula will see an adjustment in prices not only with Frontier, but also other carriers in our market who will want to remain competitive. Frontier will be bringing in an Air Bus to service the Missoula market, providing more seats than traditional regional jets. Destination Missoula works closely in partnership with the Missoula International Airport to continually investigate and expand service and new direct flight markets into Missoula.

Wayfinding – For over two years, Missoula worked on the development of a city-wide wayfinding system. Planning concluded with the design of a city-wide system that will be the first of its kind in Montana and we believe will become the standard to follow. It will enhance not only the visitor experience, but also familiarize residents with the many attractions Missoula has to offer. Research has shown that cities with well-thought-out wayfinding systems attract more visitors who stay longer in the community. Destination Missoula, in partnership with city and county government, and leading organizations, has led the effort to create this system for Missoula and will continue as a partner during the implementation phase. Fundraising for implementation has begun. The community needs to raise $1.5 million for full implementation and will be implementing different layers, i.e. vehicular, pedestrian, bike, throughout Missoula as funding becomes available.

Increase Group and Tour Travel – Destination Missoula, through our Sales Department, will be focusing efforts on increasing and broadening our group and tour travel. Working in cooperation with the Montana Office of Tourism and Glacier Country Tourism, Destination Missoula will attend trade shows directly targeting these markets and looking to the increase our awareness in International markets, specifically Canada, China and Western Europe. In 2014, international travel in the US increased 5.9% to 73.9 million visitors. It is projected that between 2014-2019, we will see an annual increase in visitation of 3.3 to 5.9%. Five countries will account for 72% of that growth - the three largest being Mexico at 30%, Canada and China at 17%.

Retain Transient Visitors – Approximately three million people pass through Missoula annually, but only 1.5 million spend one or more nights in our community. Destination Missoula will be producing marketing campaigns directed specifically to Canadian visitors and concentrating on our Park-to-Park visitor. We will also be working on initiatives such as wayfinding to entice visitors off the highways and to stay at least one night.

Culinary and Spirits Tourism – Two of the hottest trends in travel right now are the culinary and spirits traveler and Missoula is the perfect fit. Culinary travel is a $51 billion industry and 27 million people identifying themselves as culinary travelers. From our locally sourced restaurants to our food trucks, breweries, distilleries and wineries, Missoula has the unique experiences these travelers expect. Destination Missoula will market directly to this niche.

Sustainability – The sustainable traveler is also looking for engaging, personable, memorable and, above all, authentic travel experiences. These tourists are “typically highly educated, mature, affluent, well-traveled, environmentally aware and sensitive to the social and cultural traditions, systems and mores of the destination they visit.” United Nations World Tourism Organization. From our unblemished recreational resources to our farm-to-college program, farmers markets, and green retailers, Missoula is the perfect fit for the sustainable traveler. Destination Missoula will work with
the community and its partners to identify and highlight sustainable opportunities and businesses in our area through our website and social media. We will also work with the community to identify ways to enhance the experience through packages, tours, and certifications.

**Economic Upturn** – With the upturn in our economy, Missoula is beginning to see new growth in sectors that directly relate to tourism. Many new retail stores have opened or are slated to open in Missoula in all three of our shopping districts. Missoula also has new hotels opening and Destination Missoula/TBID is partnering with the City of Missoula to fund a feasibility study for a conference center in Missoula.

**Cooperative Community PR** – Recent and upcoming national PR regarding Missoula, is giving Missoula the opportunity to come together to create a cooperative positive PR campaign about the community and the people who live here. Destination Missoula, the City of Missoula and the University of Montana are leading the effort to create a digital and social media campaign with consistent positive messaging to be used by all major entities in the community and distributed through their news and social media outlets to tell the story of Missoula from the eyes of the people who know and love it.

**CHALLENGES**

**Air Access** – With Frontier Airlines entering the Missoula market, numerous new markets were opened to Missoula and, as Frontier is a low-cost carrier, Missoula has seen ad adjustment in prices not only with Frontier, but also other carriers in our market who want to remain competitive. Missoula International Airport just announced that Missoula is currently below the national average on ticket prices! Destination Missoula works closely in partnership with the Missoula International Airport to continually investigate and expand service and new direct flights into Missoula. The Missoula Tourism Business Improvement is also a major sponsor for flight guaranty funds to help initiate new direct flights. Towards this end, Destination Missoula is working in partnership with the Missoula International Airport, Missoula Economic Partnership and other private and public entities in Missoula to form a coalition of funding partners for new flights in order to remain competitive.

**Seasonality** – Although Missoula has a more balanced annual visitation than most Montana cities, the vast majority is within the months of April through October, leaving an average of $20.1 million in vacant room nights during the months of November through March. Since Missoula is not a major winter destination, we will continue to center our marketing to bolster our shoulder seasons through group and tour travel, sporting and cultural events, meetings and conventions. This marketing strategy is having an effect as the number of vacate room was down 4% over the previous year.

**Low Conversion of Transient Travel** – As mentioned above in the Opportunities, Missoula loses approximately 1.5 million transient travelers a year. It is difficult to pull them off the Interstate. Destination Missoula will be producing marketing campaigns directed specifically to Canadian visitors and concentrating on our Park-to-Park visitor. We will also be working on initiatives such as wayfinding to entice pass thru visitors to stay at least one night.
Lack of Tourism Infrastructure – Although Missoula has many wonderful venues, in order to take the next step in growth, we are in need of infrastructure currently missing in our community. Our largest indoor arena is owned by the University, and although they are willing and accommodating partners, the University’s schedule for the arena is paramount. Also Missoula does not have one facility that can accommodate city-wide conferences or conventions. In order to accommodate events of this size, we have to bid them out to a number of venues which is not ideal to meeting and event planners. Destination Missoula/TBID is partnering with the City of Missoula to fund a feasibility study for a conference center in Missoula.

Destination Missoula working in partnership with city and county leaders and private business were able to get a $42 million bond passed this year to create Fort Missoula Regional Park. This funding will also expand and help maintain the County trails program and upgrade and replace aging equipment in Missoula city parks and playgrounds. The Regional Park will feature a 5 field, lighted softball complex with moveable fences, 2 additional softball fields, 9 full-size multi-use fields for soccer, football, lacrosse and rugby, one lighted artificial turf multi-use field, pickleball, basketball and volleyball courts. The addition of these amenities will allow Missoula to bid for and host major tournaments that we have not been able to for lack of infrastructure. These tournaments will have a significant economic impact on Missoula.

Timeline of Implementation and Funding for Wayfinding – Although the Missoula Wayfinding project is through the planning stages, the time needed for fundraising a million dollar project and the staged implementation of the system, means a full completion of the system may be many years down the road. Destination Missoula is working with city and county government and leading organizations across the city to implement our Wayfinding system in a well-thought-out phased approach that takes available funding sources and the visitor experience into consideration. Missoula applied for and received a TIIP Grant from the Montana Department of Commerce this year to help with the initial phases of wayfinding implementation.

Organizational Funding – With constantly trying to find new and innovative ways to raise private funding, Missoula’s lack of full participation in our Tourism Business Improvement District, and the constant uncertainty of bed tax funding, stable funding for Destination Missoula is always an issue and a priority. Destination Missoula, in partnership with other tourism industry organizations, works on a continual basis to educate our legislators and citizens on the importance of tourism to a healthy State economy and to work towards preserving and enhancing our bed tax funding. We also work in partnership with the Missoula Tourism Business Improvement District to expand participation in our TBID and private partnership in Destination Missoula.

Lack of Community-wide Strategic Organization - Due to a lack of communication and a comprehensive event strategic plan, Missoula does not have cohesion and lacks strategic community organization of city-wide events. It is difficult to maximize economic opportunities and enhance visitor experiences around events with the lack of cohesion. Destination Missoula will continue to work to pull the community together for dialogue and awareness of the need for cohesion.
THREE PHASE TRAVEL

In order to convert a person from someone who may be interested in Missoula to an actual visitor to your destination, we must reach them at all three phases of the decision process – Inspiration, Orientation and Facilitation.

Destination Missoula will be following the State brand by using large iconic imagery and brand font in our print and digital advertising, on our website and in our social media. These images inspire people to visit our destination and to see what is unique about it. We have created the “Like A Local” advertising campaign to enhance this concept.

We will implement a number of tools that will help orient our customer to where we are in the country, region and state. Our unique official Missoula Area Visitor Guide gives people an overview of our community and what it has to offer, including maps, directions to our Visitor Centers, numbers to reach our call center, and our website. We use it to help create and promote Missoula as a brand. This year we have implemented an itinerary builder on our newly redesigned website. Our new website is responsive to all devices for ease of use. This gives the visitor the opportunity to plan ahead where they will stay, eat, what attractions and events they want to attend and what loop tours they can take from Missoula to enjoy what our area has to offer.

Finally, using the itinerary builder, and easy access to the information they need to book their trip or the ability to talk to a knowledgeable travel expert on the phone, either through our call center or in one of our VICs, will help facilitate the final sale and a successful trip.

MARKETS

TARGET MARKETS

Geographic - The strategy of targeting a particular type of traveler can be enhanced by also targeting a particular geographic area. It is most effective to market to those who are predisposed to come to this area.

DM will market to geographic areas which are also targeted by Glacier Country and Montana Office of Tourism and whose residents have shown a history of traveling to Missoula in order to maximize efficiency and cost-effectiveness. We will be concentrating on more “niche” marketing this year, particularly our direct flight and drive markets. Our direct flight markets include Seattle, Salt Lake City, Las Vegas, Minneapolis, Chicago, Denver, Portland, Los Angeles, San Francisco, Oakland, Atlanta and Phoenix. We will also direct our outreach to our drive markets, which includes an approximate 200 - 300 mile radius from Missoula – Spokane, Washington; Coeur d’Alene, Sandpoint, Lewiston, Boise, Salmon and Idaho Falls, Idaho; and Yellowstone Park, Bozeman, Butte, Great Falls, Glacier Park, Kalispell, Montana, Alberta, Canada.
To ensure the most effective use of marketing funds and energies, markets will be pursued in the following order:

- The primary states from which most inquiries come: California, Texas, Florida, Illinois, Minnesota and Pennsylvania.
- The secondary states from which most inquiries come: Washington, Georgia and New York.
- The states immediately surrounding Montana and Canada.
- Direct flight markets including Seattle, Salt Lake City, Las Vegas, Minneapolis, Chicago, Portland, Denver, Los Angeles, San Francisco, Oakland, Atlanta and Phoenix.
- Residents from other parts of Montana.

**Demographic** - In addition to the geographic target markets, there are four primary demographic markets Destination Missoula will target with tourism promotion and marketing. Each of these markets represents a strong and growing segment of the tourism marketplace. DM will pay particular attention through this marketing plan to niche marketing for destination weddings and reunions, small and mid-size market meetings, sporting events, signature events, arts and culture, leisure and family travel. The average visitor to Missoula is 59 years of age with an income of $75,000-$100,000 and 83% are either traveling alone or as a couple. Groups of 3-5 travelers represent 16% of Missoula visitors and family travel is heaviest during the summer months. The demographic markets are described below.

**INDIVIDUAL TRAVELERS**

This group includes people traveling alone, adults traveling in small groups and families. While these travelers may have taken advantage of a travel planner or the Internet to facilitate their trip, they do not travel with a group and can be easily accommodated in one or two rooms and at any restaurant.

Individual travelers come from all demographics. It is most important for DM to concentrate its marketing efforts on the following:

- Active empty-nesters
- Baby boomers
- Business travelers
- Cultural and historical experiences travelers
- Family travel
- Leisure travelers
- Outdoor enthusiasts
- Recreational Vehicle travelers
- Motorcyclists
- Women
- Geo-travelers
- Multi-generational travelers
- Culinary and spirits travelers
- LGBT travelers
SPORTS TRAVELERS

The sports industry is currently a $212.53 billion annual business. 28.5 million travelers were classified as sports travelers in 2013 - a 5% increase over 2012. These visitors spent over $8.7 billion in the communities they visited. Direct visitor spending increased over $400 million between 2012 and 2013. In addition to the sporting event, the sports traveler is looking for the presence of good tourism infrastructure providing accommodations, restaurants, bars, clubs, and various forms of entertainment beyond the event. Just as cities have competed for decades for meetings, conventions, and traditional tourist travel, they now compete to host sports events or attract the pursuit of favorite sports activities. Cities have also learned that most of the events take place whether the economy is good or in recession. This element of resistance to economic downturns has brought new cities and suppliers to the industry. As Missoula’s sports infrastructure, i.e. Fort Missoula Regional Park, continues to grow our opportunity to economically benefit from this sector continues to grow. During the 2013/14 fiscal year, Missoula saw $1,894,638.00 economic impact from 7 sporting events that received grants from the DM Sports Commission/Missoula TBID.

Demographics are as follows:

• Primarily male, 18-54 years old, and strong internet users.
• Gender – 68% male, 32% female.
• Age –
  • 6% 18-24
  • 18% 25-34
  • 72% 25-44
  • 49% 45+
  • 22% 55+
• Income –
  • 71% have a household income of $50K+
  • 47% have a household income of $75K+
• Education and Occupation –
  • 54% have graduated college or higher
  • 41% are professional/managerial
• 74% are married
• 81% attended a sport event in the last 12 months as either a spectator or participant while on a trip of 50 miles or more, one-way, away from home.
• Attending a sports event is the primary purpose of the trip for most sports event travelers (76%).
• Most sports events travelers are spectators (84%).
• Most sports events travelers stay overnight in a hotel, motel or bed and breakfast (52%).
• Sports events travelers are generally younger than total U.S. travelers. They are also more likely to have children and be employed full-time.
GROUP TRAVELERS AND EVENT RECRUITMENT

Group travelers are looking toward small communities to provide the homey atmosphere which implies safety and personal care. They want a high-touch experience in a high-tech world. To get what they want, they personally spend more in an area than individual travelers and 43% - 60% of their total package cost stays in the destination’s economy. A niche markets that Missoula will be specifically targeting in group travel are destination weddings, motorcycle rallies, bicycle races and new event recruitment.

MEETINGS AND CONVENTIONS

Missoula enjoys the distinction of having urban amenities close to those outdoor opportunities a visitor would expect to find in a resort setting. This combination of attractive features gives Missoula an advantage over strictly urban or strictly resort settings.

Meetings have many of the same needs as group gatherings and produce similar economic benefit to an area. Missoula is very well suited for small to large meetings. The personal attention and comforts, which can be delivered by Missoula’s service industry, are second to none.

Missoula will be completely redesigning its Meetings and Conventions website - www.missoulameetings.com - to have a cohesive design and functionality with www.destinationmissoula.org. This new website will enhance functionality and ease of use by meeting planners. We feel a targeted print and online campaign is one of the most cost effective means of reaching our target audience this year. This niche marketing will specifically target industry specific associations in our drive and direct fly markets, such as Spokane, Seattle, Portland, Minneapolis, and Chicago. Since Montana as a whole does not have a large presence at the Meeting and Convention Shows, it is hard to make an impact against States and destinations that do have a large presence and offer better pricing. Through a print, online and social media campaign, plus attendance at specific trade shows, we can work with niche markets stressing what is unique about Missoula and the surrounding area that makes it worth the extra expense to hold a meeting here. From attendance at industry specific trade shows since 2013, Destination Missoula staff has had direct meetings with 88 meeting planners, garnered 9 RFP’s, and 26 future prospects.

EMERGING MARKETS

The following areas are emerging tourism markets that we feel are a perfect fit for Missoula and our marketing will be directly tailored to them:

Culinary - We currently see 39 million travelers identify themselves as culinary travelers. Last year alone, they created a $51 billion economic impact with $12 billion spent directly on culinary activities. On average they spend $1,194 per trip with up to 50% spent directly on food and food related activities. They tend to be a younger, more affluent and better educated traveler. The culinary traveler is looking for a unique experience and likes packages based around cooking classes, farmers markets, gourmet food shopping, winery, brewery and distillery tours and festivals. Culinary travelers tend to plan ahead using both print and online media sources. With Missoula’s varied restaurants, farm to table sustainability, food trucks, breweries, wineries, and distilleries, culinary tourism is a perfect niche. Destination Missoula has successfully advertised in Food & Travel magazine, added “foodie” information on our website and blogs. Food and Travel circulates over 140,000 magazines quarterly to a readership with an average median income of $150,000.
Sustainability – These travelers tend to be highly educated, mature, affluent, well-traveled, environmentally aware and sensitive to the social and cultural traditions, systems and mores of the destination they visit. They are similar and in many cases cross-over the culinary traveler.

Youth sports - Sports and events – The sports travel sector is now comprised of over 27.5 million visitors. They are primarily male (68%), between the ages of 18-54, highly educated with a household income level of $50,000 and above. Youth sports also generate family and multi-generational travel.

Canadian travel – Canadian travel to Montana last year saw 776,000 visitors, creating 2,558,000 room nights and spending $270 million in our state. They stay an average of 3.8 nights per visit and their main interests are shopping, museums and galleries, cultural events, festivals and fairs and sporting events.

Motorcycle – Motorcycle travel is one of the fastest growing segments in tourism. In 2009, 7,883,000 bikes were registered in the US. With the Canadian and US markets it is a $34 billion industry with over 11 million riders. The demographic is becoming older and more affluent as more baby boomer professionals become interested in motorcycle travel. Women are becoming the fastest growing segment. An average trip lasts 10-14 days spending $3,100 per trip. They also love to attend related events averaging 3 events per year spending an average of $400 per weekend event attended. Ten percent of all visitors enter Montana on motorcycles and 4% spend 1 or more nights in Missoula. This year is the 75th anniversary of the Sturgis Rally and they are expecting up to 1.5 million riders. Missoula is on a major route for riders coming from the west Coast and those wanting to see Glacier National Park. We will be doing specific niche marketing and website itineraries to market to these riders.

LGBT – LGBT travel is a $70 billion industry in the US. These travelers average 7 trips annually, 4 leisure and 3 business. Their average age is 48 with a household income of $50,000 and up. They prefer mid-range hotels that understand their needs and tend to return to areas they feel do the best job of outreach and are safe and relaxing. LGBT travelers look for culture, arts, food and wine, rest and relaxation, and nature is important to women. Of the 17 top cities they tend to visit, Missoula has direct flights into nine.

International – In 2014, the US saw 71.8 million international visitors. These international visitors spent $215 billion - $43 billion on travel expenses and $179 billion on hotels, food, drinks, souvenirs, and other expenses. Between 2013 and 2018, international travel to the US is expected to rise between 3.4 to 4.3% annually and by 2018 is projected to encompass 83.9 million visitors. China is currently the largest source of outbound travel in the world and Canada and China are projected to be the top ranking countries for travel growth to the US in the next six years.

Flight markets – With the addition of Frontier Airlines last year, new markets are open to Missoula at affordable prices. We also added Atlanta to our direct flight market and additional direct seasonal flights into Los Angeles. In 2014, Missoula International Airport saw 667,044 total passengers, up 12% over 2013. We project a 3-5% increase in 2015. As a result of the additional flights and the addition of Frontier, Missoula’s airfares dropped below the national average in the third quarter of 2014. It makes sense that we would market directly into our direct flight markets in order to increase visitation but also to sustain air service and boost the economy.
SUPPORTING RESEARCH

**GOALS**

• Increase the demand in Missoula for hotel rooms, attraction visits, package tours, retail sales, restaurant receipts, local transportation and other events and activities that positively affect the economic impact of the local tourism industry.

• Boost the demand for and usage of venues in Missoula for groups and special events that, in turn, draw attendees to stay overnight in Missoula hotels.

• Via the Missoula Sports Commission, recruit, grow and retain sports events in the Missoula area; and continue to expand visibility of Missoula as a premier athletic destination, especially in the youth sports market.

• Gain national and international media exposure for Missoula’s diverse attractions, natural environment, rich history and unique personality to further education and understanding of the Missoula product.

• Support and contribute to the enrichment of Missoula’s multicultural, performing and visual arts, historic, recreation, education, sports, business and entertainment communities.

• Welcome all visitors, regardless of age, sex, sexual orientation, race, color, national origin, religion, marital status, veteran status or disability.

• Through strong community outreach and with recognized expertise in the tourism industry, actively participate in and contribute to the overall strategic planning for the growth and sustainability of the visitor industry in Missoula.

• Actively seek cooperative community partners to assist Destination Missoula and the Missoula Tourism Business District in meeting the above goals.

**STRATEGIES**

**Consumer Advertising** - Destination Missoula will use various mediums to promote Missoula as a travel destination, reaching diverse geographic and demographic markets, with the goal of acquiring new and repeat visitors as well as increasing their length of stay and brand awareness.

**Methods**

**Print and Digital Ads** - Destination Missoula will place print advertising in a variety of publications and will place online digital ads targeting diverse geographic and demographic markets showing what is unique about the Missoula area with an emphasis on off-peak and shoulder seasons. Our overall target is to acquire 3% inquiry growth over prior year total inquiry and web visitation numbers via print and digital media placements. Individual digital display ads will aim to perform above a .20% CTR. National average is closer to .08% CTR.
Website Marketing, Optimization, Development and Maintenance - Last year, Destination Missoula completely redesigned and launched its new website, www.destinationmissoula.org. The site is a completely responsive, state-of-the-art website featuring itinerary builders, large photos, and integrated social media, including blogs, Facebook, Twitter, Instagram and Pinterest. When you do a complete relaunch of a site, you take the risk of dropping in optimization. Not only did we not drop but since our launch visitations to the site have increased 5% and continue to grow. We will continue to develop and maintain our main site to inspire travelers. This year, Destination Missoula plans a complete redesign of our meetings site, www.missoulameetings.com, to better reflect the Missoula brand, integrate with our main site, and to be a better resource to meeting planners looking to bring a conference or convention to Missoula. We will also continue to maintain and improve our sports and events website, www.playmissoula.org.

**Expanded Travel Planning Content** – destinationmissoula.org will receive additional content pages on key planning resources for out-of-state visitors, as well as the continued integration of social networking components to keep content fresh and easy to share. Our overall goal is visitor growth to the website and related digital resources. This ties into our website marketing, optimization and maintenance and has the same 15% growth target via search and SEO strategies.

**Travel Guide Online** – Continue the updates of the online guide and maintain the latest technologies. Provide video and website jumps to the digital layout. Our goal is to grow visibility and usage of the print edition guide with the digital friendly version. Goal is to grow online views of the guide by 10% over prior year.

**Daily Updates** – Destinationmissoula.org will be provided with immediate updates to events, attractions, and all other trip planning resources as needed by DM, as well as any social media sites, we are using for promotion. Our overall goal is visitor growth to the website and related digital resources. This ties into our website marketing, optimization and maintenance and has the same 15% growth target via search and SEO strategies.

**Search Engine Optimization** – Aggressively optimize and modify website source code meta tags to ensure best possible placement on major search engines. Our overall goal is visitor growth to the website and related digital resources. This ties into our website marketing, optimization and maintenance and has the same 15% growth target via search and SEO strategies.

**Search Engine Marketing** - Keywords will be purchased in Google to promote destinationmissoula.org as an online tourism resource for Montana. Our overall goal is visitor growth to the website and related digital resources. This ties into our website marketing, optimization and maintenance and has the same 15% growth target via search and SEO strategies. (See attached Appendix A for complete keyword list).

Success will be measured for the websites by visitor and page views; SEM – key word directed visitors to the website; SEO – visitors, search visitors, non-traditional web visitors, organic placement on Google and other search engines. We would expect to see a 3% growth in website visitation and to add 35,000 new names to our lead database.

**Website Marketing, Optimization, and Maintenance** - Our overall goal is grow visitors to the website and related digital resources by optimizing the new website for search engine searches, maintain weekly monitoring of trending hot keywords and search phrases among the major search engines, and maintain the website with fresh content both text, video, and photography to drive page rank and user access. We are hoping to grow the number of visitors to the search via search engines and other non-display ad digital media marketing by 15% over prior year.
**Photo/Video Library** – Destination Missoula will continue to develop and maintain its photo and video library used for all media to promote what is unique about Missoula and the surrounding area. Destination Missoula will purchase high quality, all season photographs and videos and will encourage non-professional photographers to submit their favorite area photo for potential use by DM in marketing Missoula. Destination Missoula will purchase photo/design software to work with and catalogue photographs in said library. New and updated photos being used on the website will help to bolster the goal of 15% growth in searches.

**Electronic Ads/Eblasts** – Four targeted seasonal electronic email campaigns will remind previous website visitors to visit Missoula and to revisit the website for new content on the latest activities and attractions. Email mini-eblasts will focus on major events and happenings in Missoula to our loyal marketing database of contacts. Our goal is a 15% open rate overall on the 4 email blasts. That would be a 3% improvement over prior year. We are also looking for a 5% growth in clicks once emails are open.

**PUBLICITY**

Destination Missoula will use the latest social media in combination with traditional media to increase brand exposure with proactive strategic messaging.

**Methods**

**FAMS** – Destination Missoula will arrange a minimum of one (1) FAM trip specifically targeting arts and culture in Missoula. The trip will be designed to highlight what is truly unique about Missoula specifically during off peak and shoulder seasons. This trip may be arranged solely or in partnership with Glacier Country Tourism and/or the Montana Office of Tourism other tourism organizations, local organizations and private businesses. Success will be measured through participation rate and amount of resulting earned media.

**Press Promotions** – Destination Missoula and the Missoula Tourism Business Improvement has contracted and partnered with Windfall Studios for public relations services. These services will include production of a media/press kit to include interchangeable information on sports, group travel, events and conference plan, press releases and story pitches to appropriate publications in our drive and direct flight markets. These story lines will be directed to niche marketing efforts and to drive off peak/shoulder season business. The host of projects includes Luxury Resort Magazine and Small Town, Big Eats. As well as key digital influencers. Success will be measured by participation rate and amount of earned media.

Destination Missoula will also work in partnership with the Montana Office of Tourism, Glacier Country Tourism, and other industry partners to directly promote Montana and Missoula to media partners throughout the Northwest. This year, Destination Missoula partnered with Glacier Country Tourism, the Whitefish and Kalispell CVBs, and the Montana Office of Tourism on press tours to Seattle, Portland and San Francisco. These events were highly successful and well attended garnering continuing interest in our area from writers. Missoula will be hosting two trips this year directly related to these events. We will partner again this year for similar events in San Francisco, Seattle and Chicago.

In addition we will start the new fiscal year working on a digital influencer press trip of our own focused on shoulder season travel needs for Missoula.
**Marketing/Publicity Personnel** – Destination Missoula will continue a part-time, year-round marketing staff position, whose responsibilities may include, but will not be limited to:

- Help conceive and develop strategies to market Missoula as a destination.
- Research and maintain demographic and geographic data in order to most effectively market Missoula.
- Work with area meeting and convention facilities, Montana Office of Tourism, Glacier Country and other interested parties to partner to market Missoula and the surrounding area.
- Create printed materials to market Missoula.
- Work with area hotels and partner businesses to help increase funding sources for use in marketing Missoula and the surrounding area.
- Help plan and conduct FAMS.

**Social Media** – Destination Missoula will continue to create a social media marketing strategy with a unified voice and message across all social media platforms. Goal is 15,000 Facebook fans by the end of the 2015-2016 marketing plan period. That would be a jump from 6,943 currently. We have only recently deployed a full social media strategy for Facebook. We will also grow Twitter and Instagram followers by 25% over prior year period.

**Crisis Management** – Destination Missoula will actively participate with the Tourism Advisory Council, Montana Office of Tourism, Glacier Country Tourism and other tourism organizations in educational programs and crisis management issues related to the promotion of tourism. Success measurements will vary greatly based on the crisis. Destination Missoula will be proactive in helping to resolve the crises, will maintain an updated crisis communication plan to meet all needs, will provide rapid communication via the call center, social media, website and with the media.

**Redesign of Meeting Website** – Destination Missoula will redesign and relaunch our meeting planner website, www.missoulameetings.com. The new site will be more cohesive in design, layout, functionality and brand with our main site, www.destinationmissoula.org. Success will be measured by an increase in optimization, visitation and use by meeting planners.

**GROUP MARKETING**

Destination Missoula will use traditional media, social media and direct sales to stimulate interest in Missoula as a group travel destination.

**Methods**

**Electronic Ads/EBlasts** – Destination Missoula will send out 2 meeting and 1 sports e-blasts to targeted meeting planners and sports and event planners reminding them why Missoula is a unique destination for meetings and events. We will continue to develop and maintain our main site, as well as www.missoulameetings.org and www.playmissoula.org to increase the perception of the Missoula area as a primary tourist and meetings destination.

- 2 Meeting blasts will have a goal of 10% open rates
• 1 Sports blast will have a goal of 12% open rate.

Our goal is a 10% webpage traffic growth over prior year average visitor numbers for both missoulameetings.com and playmissoula.com. Both sites together are averaging about 6,000 visitors annually currently.

**FAMS** - Destination Missoula will arrange a minimum of one (1) FAM trip specifically targeting meeting planners. The trip will be designed to highlight what is truly unique about Missoula as a meeting destination specifically during off peak and shoulder seasons. This trip may be arranged solely or in partnership with Glacier Country Tourism and/or the Montana Office of Tourism other tourism organizations, local organizations and private businesses. Success will be measured through participation rate, amount of resulting earned media and bookings.

**Online Digital Ads** - Destination Missoula will place online digital ads targeting diverse geographic and demographic group travel markets showing what is unique about the Missoula area with an emphasis on off-peak and shoulder seasons. For this niche group our goal is to perform above .15% CTR. National average is about .08% CTR. Overall this will help us achieve 10% overall group meeting website traffic to prior year.

**Print Ads** - Destination Missoula will place print advertising in a variety of publications targeting diverse geographic and demographic group travel markets, meeting planners and event coordinators showing what is unique about the Missoula area with an emphasis on off-peak and shoulder seasons. Our overall goal is a 3% inquiry growth over prior year total inquiry and web visitation numbers via print and digital media placements. Individual digital display ads will aim to perform above a .20% CTR. National average is closer to .08% CTR. URL used in the ads will help contribute to the 10% growth, as well as a goal of direct inquiries to Group Marketing staff position.

**Social Media** - Destination Missoula will continue to create a social media marketing strategy with a unified voice and message across all social media platforms which can be used to specifically target group travelers, meeting and event planners. Success will be measured by social media engagement, including followers, likes, shares and web visitation from social media. Our goal is 15,000 Facebook fans and a 30% growth in Twitter, Instagram and Pinterest.

**Trade Shows** – Destination Missoula, in partnership with the Missoula Tourism Business Improvement District, will attend a variety of meeting and convention, sports and event, and tour and group travel shows to increase exposure of Missoula as a group travel destination. Success will be measured through number of qualified leads and RFPs resulting from attendance at said trade shows.

**Group Marketing Support/Personnel**

- Destination Missoula will create a new campaign encouraging Missoula residents and groups to bring their meetings and conferences to Missoula.
- Provide sales support through research; subscribing to Destination Marketing Association International’s EmpowerMINT; maintaining and enhancing our trade show booth as necessary and production of sales materials.
- Increase sales staff industry knowledge though attendance at key industry conferences, such as Travel, Entertainment and Management in Sports, National Association of Sport Commissions and Montana High School Association.
• Collaborate with the Destination Missoula Sports Commission in spreading awareness of Missoula Tourism Business Improvement District grant funding for new and existing events and application assistance.

• Work to create or support new events in the Missoula area.

Success will be measured by an increase in the number of meetings and events held in Missoula annually, the number of new leads produced from campaigns and show attendance and the number of grants applied for and the economic impact of those events on the community. Last year, our sales staff attended 8 trade shows producing 147 new prospects/leads, and the Missoula Tourism Business Improvement District provided grants to 12 cultural and sporting events providing a total economic impact to Missoula of $5,402,473.00.

MARKETING SUPPORT

Destination Missoula will create and provide essential tools and facilities in order to maximize marketing opportunities and partnerships. Destination Missoula will also stay abreast of industry trends and regulations and focus on increasing destination conversion.

Methods

Administration – Funding for operations, key personnel and services in order to provide the best experience for visitors to our community, and highly trained staff that is knowledgeable on industry trends and how to implement them to the advantage of the Missoula market. Success will be measured through visitor center contacts, materials distributed, attendance at educational conferences, annual reviews and evaluations.

DMAI – Staff attendance at DMAI niche and Annual Conferences in order to stay abreast of industry trends and how to incorporate them in our market. Success will be measured by conferences successfully attended.

Fulfillment/Telemarketing – Destination Missoula will provide the following services through our fulfillment company:

• Provide potential visitors with information they have requested 5 days a week (24/7 ordering capabilities provided). Expanded hours for peak inquiry periods and large scale campaigns.

• Implement a central clearing house for management, fulfillment, and tracking of all inquiries via email, telephone, live helper chat, fax, mail and reader response cards.

• Provide targeted extension numbers for better tracking of print media, as well as special URLs for web response measurement.

• Provide a customizable database to track additional traveler interest and preferences. Utilize the database to provide sample call backs to ensure guide arrived timely for consumers.

• Provide timely fulfillment of travel guides and electronic mail responses.

• Provide additional travel planning assistance to visitors needing help with directions, weather conditions and attraction and lodging details.

• Maintain quality data in the consumer database and back up the data daily for protection.

• Provide storage and local and national distribution of the guides via call center and local tourism
business requests for guides.

- Integrate call center with web 2.0 opportunities to place questions and answers and other valuable dialog with consumers Online to assist website based travel planners.

- Provide social media content support and tracking information – Facebook, Twitter, Pinterest. A major share of the travel guides will come into and be distributed by the call center/fulfillment center. Over 60,000 travel guides will be sent from the call center to direct inquiries from print, digital, social media, and related travel guide requests. The call center will ship the travel guides using the latest requirements with the US Postal Service. They will ship guides to the United States and Canada but will restrict guides requested outside those areas to only special mailing circumstances approved by the Director. In those cases we push visitors when possible to the online guide version. Our overall goal is to improve by 3% the number of inquiries handled at the call center. A 3 % increase sets our goal at 63,063 inquiries up from 61,226 in 2014.

Opportunity – Destination Missoula will set aside funds to participate in marketing opportunities that come up through-out the year that were not available at the time this Marketing Plan was written. Success measures will vary depending on the segment of the projects participated in.

Joint Ventures – Destination Missoula will set aside funds to participate in joint venture opportunities with the Montana Office of Tourism, Glacier Country Tourism and other CVBs/Regions that come up through-out the year that were not available at the time this Marketing Plan was written. Success measures will vary depending on the segment of the project participated in.

TAC/Governor’s Conference/Meetings – Destination Missoula will set aside funds for key personnel to attend TAC meetings and the annual Governor’s Conference on Tourism in order to stay abreast of industry rules, regulations and trends. Success will be measured by meeting and conference attendance and incorporation of new rules, regulations and trends in daily operations of Destination Missoula.

VIC Funding/Staffing/Signage – DM will maintain a full-time, year-round travel counselor for our VIC during regular office hours, whose responsibilities may include but are not limited to:

- Responding to tourism inquiries in person, via phone, e-mail, fax and letter.
- Compiling and inputting data into the computer regarding information on visitation, calendar of events, local hotels and other related tourism businesses.
- Making lists of businesses to contact about tourism concerns.
- Researching information for guests. Order, storing and stocking brochures and maps from attractions, hotels, and other tourism related businesses.
- Maintaining the VIC area.
- Conceiving and developing area wide tours and support materials for same.
- Serving as support staff for the Montana visitor information website.
- Maintaining VIC scheduling and payroll.
- Attending Superhost training and other familiarization activities with all the attractions in their area.
- Maintaining a thorough knowledge of the content of all Montana guides and brochures, which the VIC has in our racks, and area-wide special events and be able to intelligently converse with
visitors of all ages. VIC staff should know road conditions, any construction areas and suggested alternate routes. Staff should also be aware of alternative things to do in case of weather conditions.

DM will also hire staff during peak visitor seasons to cover our VIC during non-office hours:

- Staff will assist visitors for two hours after building closing time, Monday through Friday, and for eight hours Saturday and six hours Sunday, from July 1 through the end of September 2015, and May 15 through June 30, 2016. Staff will also have an additional 98 hours that may be used throughout the year to cover during large events with busy visitation and for full time staff vacations.
- Staff will keep statistics about how many visitors requested information and home states of visitors
- Staff will keep track of the number of bulk requests filled.
- VIC staff may also be asked to package visitor packets for bulk requests from conventions, meetings and other groups.

These hours are not covered by the Destination Missoula regular staff. We want to be sure visitors feel welcome and know what is available to them, even if they arrive outside our regular hours.

Destination Missoula has seen steady increases in visitor use of our official Visitor Information Centers with a 62.5% increase over 2013/14. The downtown VIC had over 2,577 visitors from all US States and 28 countries. We continue to partner with the Missoula International Airport with a Visitor Information Center at the airport. This VIC services thousands of visitors annually.

Destination Missoula will create highly visible signage for the outside of our main visitor center, and signage within the visitor center to help direct visitors to the information they are looking for. Success will be measured by the increase in the length of visitor stays and satisfaction, brand awareness, increased visitation to VICs, and public education of Missoula as a travel destination.
Research – In order to track Missoula’s occupancy rates, understand the results of key marketing campaigns, including advertising and event promotion, and our conversion rates, Destination Missoula will use the following tools:

- DM will continue to purchase appropriate Smith Travel Reports in order to track Missoula city occupancy rates, average daily rates, averages and changes in the Missoula hotel market. This will aid DM in understanding the Missoula market, to identify times of need, and to develop niche marketing opportunities to increase occupancy.
- DM will work with major event and conference planners, organizations and individuals to establish the economic impact of such events and conferences during 2015-16 through the DMAI Economic Impact Calculator. During 2014-15, DM was able to establish over $5 million in economic impact from funded events throughout the year. Missoula will also be creating a new, updated campaign to bring awareness to the community of the impact of such events on our community.
- DM will implement web trends and survey tools to measure inquiries, actual visitations, visitor satisfaction, and feedback in order to identify marketing successes, areas needing improvement or misperceptions about Missoula and the surrounding area, and to raise community awareness of tourism as an economic driver. DM will create a short survey to be filled out with the guest book at DM VICs.
- DM, in partnership with TBID, will hire a research company to look at visitation trends, rates and conversion rates specific to Missoula.

Success will be measured by awareness of industry and specific community trends, ability to specifically define and increase target markets, and conversion rates.

COOPERATIVE OPPORTUNITIES

Destination Missoula strongly believes in the value of coop opportunities with partners in the industry. Many times it is a way to reach markets with a larger message and presence than we can individually. The types of coops that we would like to participate in with the Montana Office of Tourism are:

- Affordable print and digital advertising that include reader service
- Matching funds programs that hit our target markets
- Shoulder season, outdoor, non-winter specific
- Arts and culture
- Entertainment
- Two Nations
- International

We also would like to participate in cooperative programs with Glacier Country Tourism and the other Regions and CVBs across the state with the following themes in mind:

- Park to park travel
- Arts and culture travel
- Canadian and international travel
We have participated in many cooperative opportunities with industry partners in the past, many of which have been highly successful. Following are some of the more recent coops we have participate in on all levels:

Destination Missoula has participated in the Glacier Country summer and winter coops for a number of years. These coops have been highly successful generating close to 20,000 fresh leads annually and which are directly responsible for one-third of all visitor guide requests. The Glacier Country cooperative marketing program delivered over 8,590 leads for Destination Missoula already in the fiscal year with our goal of 11,000 well in each reach by the end of June. Our goal for FY2015/16 is to grow that lead count to 12,500.

This year Destination Missoula participated in three Montana Office of Tourism cooperatives purchasing print and digital buys in Backpacker, Orbitz and Outside Magazine.

Backpacker delivered 60 inquiries to the call center so far in the fiscal year but we are early in the results collection period. Web traffic topped 200 visitors to the DestinationMissoula.org website so far in the campaign. Those website visitors did spend time on website above our overall website measurement averages suggesting they were quality prospects.

Orbitz has not delivered inquiries to the call center thus far and the kind of media placement and strategy is not a heavy inquiry driven focus. We have received over 120 visitors to DestinationMissoula.org with pages per visit and time spent on site averages well above our overall website measurement averages suggesting those were qualified prospects.

Outside Magazine has delivered 480 travel guide requests to Destination Missoula but it is early in the campaign. Website traffic has reached 86 visitors with pages per visit and time spent on site above our website overall measurement averages suggesting those have been quality prospects.

Destination Missoula also participated in a major cooperative buy in Delta Sky Magazine with the Montana Office of Tourism and Glacier Country Tourism, other regions and cvbs across the State, and economic partnership organizations marketing our areas not only for tourism but also economic development. It is very early also in the analysis of this campaign but early results show website traffic flowing into DestinationMissoula.org with healthy time spent on site averages. We have collected 2 inquiries at the call center thus far.
